about **ANTIEXFIX**

WHY CHOOSE US?

YIWU ANTIE HARDWARE CO., LTD is one of the hardware manufacturer, specialized in different kinds of tools such as Power tools, Hand tools, We are located in Yiwu city, Zhejiang province, when you will deal with us you are going to realize that we are different from the other manufacturers in China, why?

- 1) The hardware market always contains fake products, it's very popular to see some products whose description will not be compatible with the real products. But our products are 100% genuine products.
- 2) Even though you could consider yourself as experienced about hardware materials but really the quality are very variable, but we will offer the best quality with the most reasonable price which is hard to achieve.
- 3) The very small details we are taking care of it on your behalf beginning from material, packing, paper, printing..., and other details you will be surprised to know that we are dealing with.

ANTIEFIX is our brand for the hardware, this brand is actually a new brand that was born in 2018, we are manufacturing hardware since 2008 but under different brands and in 2018 we decided to put all of them under one brand so this means the brand is new but the experience of the manufacturing is a deep experience, all this experience has been translated through our customers' valuable comments and our deep research in the field of hardware and with the cooperation of our engineers and high-class institutes around the world.

ANTIEFIX power tools is a famous brand in China. More than 1500 Chinese hardware tools shops sell this brand's products. All items include AC power tools, cordless power tools, hardware tools, cordless hammer drill as top-class quality standard in China.

ANTIEFIX will guarantee that the products will be the same as it shows on its data and will always keep its promise to provide the best quality with the reasonable price, welcome to visit us in our showrooms in the international trade city (Fujian market) or through our agents around the world and to try by yourself our products and make sure that all the above mentioned is 100% true.
